Vehicle Stops and Searches - A Revealing Journey to Becoming a More Effective Officer

**16 Hours
In-Person
Training!**

This is no ordinary search and seizure class.

There is a huge difference between **thinking** you know your authority and **knowing** your authority!

Citizens are challenging the authority of officers & holding law enforcement accountable, now more than ever.

Not being sure during a tense street encounter or a traffic stop is **not an option**. There are far more legal issues involved with vehicle stops and searches than even many veteran officers realize!

Clearly
Understand
Your
Authority!

Perform
Your Duties
with
Confidence!
